together!**

LITTLE BOBOS

Want to host a pop-up?

Hi I'm Caroline — founder and head photographer of Little Bobos Personality Portraits. I created Little Bobos back in 2018, when I started taking black and white portraits of my little ones, and the children of my friends and clients. Since then it has been a very special project for me... allowing kids to be themselves as I capture a moment in time during a fleeting stage of childhood. Little kids come with a lot of personality — shown through a smile, and sometimes a serious or grumpy face — and I'm all about getting those on the record through fine art black and white personality portraits. We'll be sure to get a range of emotions, and have fun doing it!

Hosting a Little Bobos Personality Portrait pop-up is a great way to not only generate foot traffic in your store, but also expand your online presence, as well as offer your customers a special event. It's 100% free to hold a pop-up, and as a thank you for hosting, I offer free portraits for all children of the store's owners and employees.

How it works

THE LOWDOWN:

- Each child must be signed up for their own spot. I will set up an online schedule where everybody can sign up.
- Children must be at least 4 months old and able to sit in a bumbo and hold their head up
- Simple clothing works best, no big logos or graphics. I have other tips on what (and what not) to wear I'll provide at sign-up or you can check out on my site. Most importantly, dress them true to themselves to help make their personality really shine.

WHAT YOU GET:

- 4 Digital Personality Portraits & 1 Sibling Portrait — all chosen from a catalog of images, with the option to purchase more.
- 8x10 Personality Portrait Print of your choice.

THE COST:

- Free for you and all of your employees!
- \$175 per child for a 10-minute session (typically only takes 5-7 minutes per child)
- 20% off for any additional children
- \$50 deposit is due at sign-up, and the rest is due the day of the shoot

**Look forward
to talking
with you!**
